

Thank you for choosing The Home Depot

We are committed to helping you with your new flooring installation!

Here at ACS, Home Depot's premiere flooring service provider, we are excited to help you with your new flooring installation!

Picking out a new floor is exciting. The Home Depot and ACS are here through the whole process. Whether you're picking out new carpet, or creating a master piece from tile, we understand what goes into making your dream project a reality and we want you to leave the hard parts to us. Enjoy the anticipation of your flooring installation, without the hassles of coordinating the work yourself!

The Home Depot has a team of flooring specialists, who are waiting to help you explore your options for the perfect flooring. ACS has been a valued Service Provider of The Home Depot for 21 years and we offer the knowledge, techniques, and experience needed to install a beautiful space that meets your specifications. At ACS we know that your time is valuable so we will work with you to accommodate your life style.

Our installation process is easy! After working with your personal flooring specialists at The Home depot; you will schedule a time for your estimates, receive the details of your products and install information, and then get your flooring professionally installed by ACS. We also offer the NEW My Install program. This is a free service online that allows you to stay connected from start-to-finish with information and support for your installation project.

Our industry-leading installation standards and our aim for the highest level of customer service, have earned us a spot among the top ranking flooring installation companies. ACS guarantees fully insured and licensed flooring installation professionals. When your installation begins, you can expect nothing but professionalism in your home as we bring your vision to life. ACS takes pride in our ability to provide you with the best possible installation.

There are three ways to get started: see your nearest Home Depot representative to schedule your no obligation estimate, call The Home Depot at 1-855-583-0554 or visit www.homedepotmeasures.com.

We take pleasure in knowing that our answer is always yes and your home project is our passion; we can't wait to get started!

YOU CAN DO IT. WE CAN HELP.
