NEW!!!! N-HANCE WOOD RENEWEL SF&I PROGRAM

N-hance is a new wood renewal process that transforms old or damaged wood floors and cabinets to like-new condition. The N-Hance process does not include sanding or the use of noxious chemicals; so when an N-Hance professional renews, repairs, and re-vitalizes your wood, there is no dust, mess, or odor. This process can be used for classic cabinet renewal, cabinet/ floor color shift or color change. Plus, even though we primarily work with floors and cabinets we can sometimes even renew doors, trims, and railings! If you have a customer who has a limited budget, concerned about timeframe, or only wants to update and not replace, this is a great option for them.

To schedule a customer for a FREE in-home estimate enter their information into Siebel, in the N-hance Wood Renewal Program, AND call 866-NHANCE-5 to complete the process. You can also call this number to schedule a PK for your store, ask questions, or schedule a weekend event. For a step by step breakdown in the process and to see availability please check "My Apron."
